**PRODUCT CATEGORY/MANUFACTURER LIST**

## BIDDERS/CONTRACTOR'S I Heritage Business Systems, Inc.

The bidder must identify the product category(ies) and manufacturer line(s) for the items that the bidder is offering. If the Bidder is not a manufacturer, it must submit written proof from each manufacturer of the Bidder's authorization to sell the manufacturer's goods and materials, as required by this Contract (the proof need not be specific to this procurement). Refer to Paragraph 7.b. of the *Instructions to Bidders for COSTARS Contracts* for further guidance.

**ANCILLARY SERVICES**

**BIDDERS/CONTRACTOR'S LEGAL NAME:** Heritage Business Systems, Inc.

Heritage Business Systems, Inc.

A Contractor may choose to offer ancillary services in conjunction with the products it provides to the Purchaser. However, any ancillary services offered must be:  
(1) expressly authorized in the original IFB/Contract, (2) directly related to the delivery, installation or normal use of the product or component parts purchased,  
(3) limited to the actual product or component parts purchased, and (4) initiated/ordered at the time of product purchase. Stand-alone services and services for products  
not purchased from this supply Contract, including existing equipment for which component parts from this contract are purchased, are not within the scope of  
this supply Contract. The Department of General Services reserves the right to determine which ancillary services shall be included in any contract.

The Bidder may submit the list of ancillary services and prices it proposes to offer. If it is not possible to submit pricing, as may be the case with certain installation services, the Bidder shall simply note that it is offering the service and that the actual price will be negotiated between it and the COSTARS participant and annotated on the purchase order at time of order.

#### Large Format Pigment Printer 60" 1 inch wide Dual Print Heads

We are proud of the imaging technology achievement engineered into our latest generation of the imagePROGRAF iPF9100, 60" printer. This line of large format printer incorporate an 80GB hard drive, and the newly reformulated Gray, Photo Gray, Black and Matte Black LUCIA inks for enhanced monochrome prints. The brand's proprietary L-COA controller processes high resolution files with unprecedented speed and ultimate quality. The new print heads help the imagePROGRAF iPF9100 achieve a maximum resolution of 2400 x 1200 dpi. It also features automatic clogged nozzle detection to help reduce wear-and-tear on the print heads and ensure excellent print quality throughout its long life.
